

Project design phase

Proposed solution templates

Date	5 July 2026
Team id	
Project name	Comprehensive Analysis and Dietary Strategies with Tableau: A College Food Choices Case Study
Maximum Marks	2 marks

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1	Problem Statement (Problem to be solved)	Clearly describe the problem you aim to solve. Include relevant statistics or pain points to highlight the severity or urgency of the issue.
2	Idea / Solution Description	Outline your proposed solution. Focus on how it addresses the problem effectively and efficiently.
3	Novelty / Uniqueness	Explain what makes your solution different from existing ones. Highlight any innovative features, technologies, or processes.
4	Social Impact / Customer Satisfaction	Describe how your solution improves lives, benefits communities, or enhances customer satisfaction.
5	Business Model (Revenue Model)	Explain how the solution will generate revenue. Include pricing strategies, partnerships, and target customer segments.
6	Scalability of the Solution	Discuss how your solution can grow geographically or serve more users. Mention potential challenges and how they will be handled.
